- Available in English medium only

Website Link: <https://iasshiksha.com/ias#/Foundation>

Why Prefer This Course?

Shiksha IAS Academy is not a coaching centre but it's a kind of training centre where we teach students how to internalise concepts, instead of spoon feeding them everything

We run our course in 4 phases

- **Phase 1:** We complete our syllabus from basics and then approach to advance level. We provide Mock test hand-outs before starting of every class. After covering of topics, we ask students to solve that mock test. If they do successfully, then only we consider that students understood class topics well, otherwise we run extra class by arranging appointment with particular subject expert.
- **Phase 2:** Here we give complete focus on Prelims only by providing multiple revisions and mock tests.
- **Phase 3:** Here we give complete focus on Mains only by providing multiple revisions and mock tests
- **Phase 4:** Under this phase, we provide interview guidance and mock interview.
